Coverage

Where?

- Where Needed (Objectives)
- Different Device Types
- Throughput levels

Capacity

How Much?

- # of Users and Devices
- Application Usage
- Data Consumption

FirstNet Financial Team

- Request for Proposals (RFP) Development/Evaluation
- Economic Modeling

FirstNet
Baseline

FirstNet Engineering Team

- RFP Development/Evaluation
- Core, radio access network (RAN) and Devices

Agency Data Collection Categories

Coverage

Potential Agency Role:

- Review baseline & identify gaps in your area
- Provide CAD or other data to help inform coverage objective
- Provide input on State's phasing approach

Current Operations

Potential Agency Role:

- Participate in State survey process
- Provide additional information on data usage if applicable/ available

(1) Coverage Objectives

FirstNet's Coverage Objective Goals

- **GOAL:** *Come up with a consistent, nationwide starting point to objectively identify Public Safety's coverage desires -- update through Consultation*
- 1. Set a FirstNet Nationwide Coverage Objective Baseline as a starting point
 - ☐ Identify initial coverage objectives relevant to Public Safety's desires
 - ☐ Develop a systematic, consistent and objective approach applied nationwide
 - ☐ Leverage feedback from the Office of Emergency Communications' (OEC's) Coverage Workshops
 - ☐ Generate maps to document the starting point
- 2. Facilitate coverage discussion for a phased build out
 - ☐ Include additional data to tailor needs for each state
 - ☐ Modify based on stakeholder input and feedback

FirstNet Envisions Continued Discussion and Revisions on Coverage Beyond Delivery of a State Plan

Starting Coverage Objectives Data

1. Public Safety User Population *(Source: HSIP, OEC provided)*

- **Public Safety User Density** based on jurisdiction (OEC data to start)

2. Public Safety High Risk / Areas of Interest *(Source: HSIP)*

- **Key facilities** – PS agencies, corrections, airports, EOCs, hospitals, PSAPs, schools, etc.
- **Critical infrastructure** – manufacturing, energy, dams, etc.
- **Large Public Venues** – stadiums, theme parks, malls
- **Other major event locations** – if provided with initial consultation submission
- ***Area for feedback** – tourist/recreational destinations (parks, hiking, waterways, etc.)

3. US Population *(Source: 2010 US Census)*

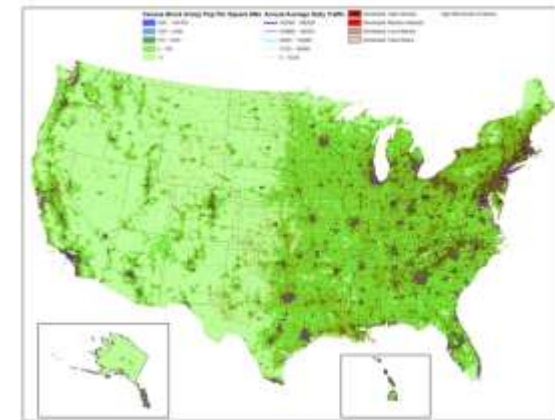

- **Population density**

4. Developed Areas / Buildings *(Source: 2011 National Land Cover Database)*

- **Dense / Medium / Light / Open / None**

5. Roadways *(Source: Federal Highway Administration)*

- **National Highway System**
- **Average Daily Traffic Counts** to identify significant secondary roadways

6. Tribal Land

7. Rural Metrics

8. Federal Land

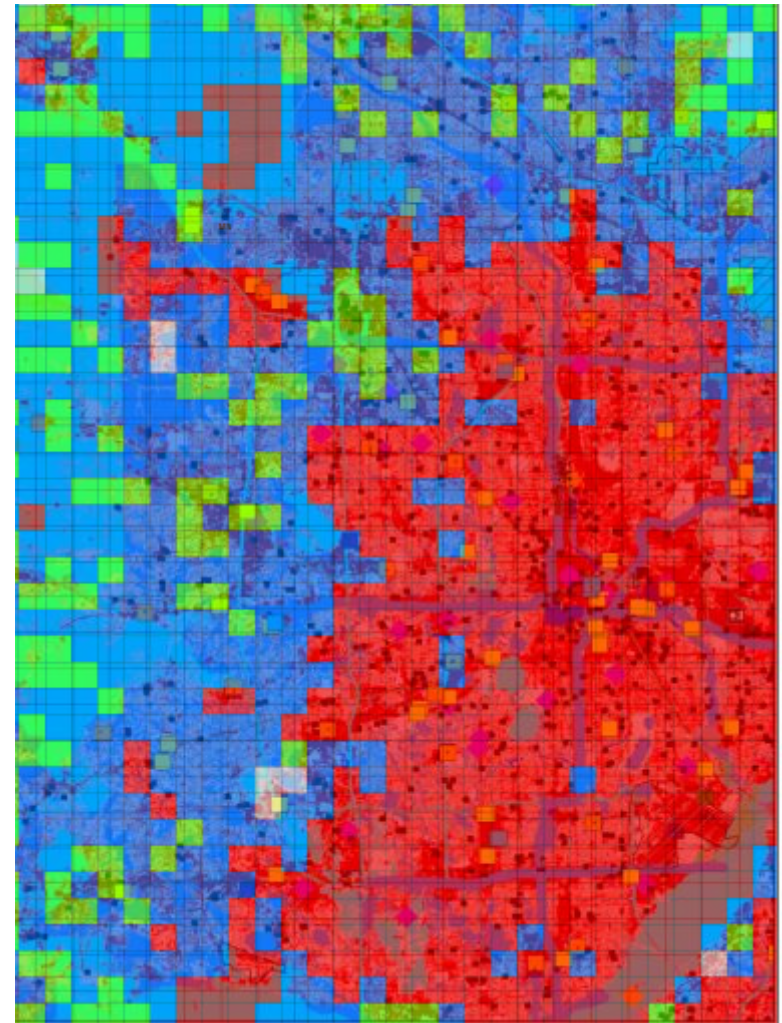

These will be incorporated with additional considerations (i.e. FirstNet Rural milestones) or via separate consultation (i.e. Federal)

Converting Data into Coverage Objectives

1. Employee count of Law Enforcement, Fire, EMS agencies
 2. Public Safety High Risk / Areas of Interest
 3. US Population
 4. Developed Areas / Buildings
 5. Roadways
- A lot of data in different formats
 - Points, lines, polygons, etc.
 - To evaluate these broad datasets, applied a 1x1 mile grid for uniformity
 - Evaluated all data by grid to:
 - 1) Identify areas that had data of interest to Public Safety
 - 2) Show concentration areas

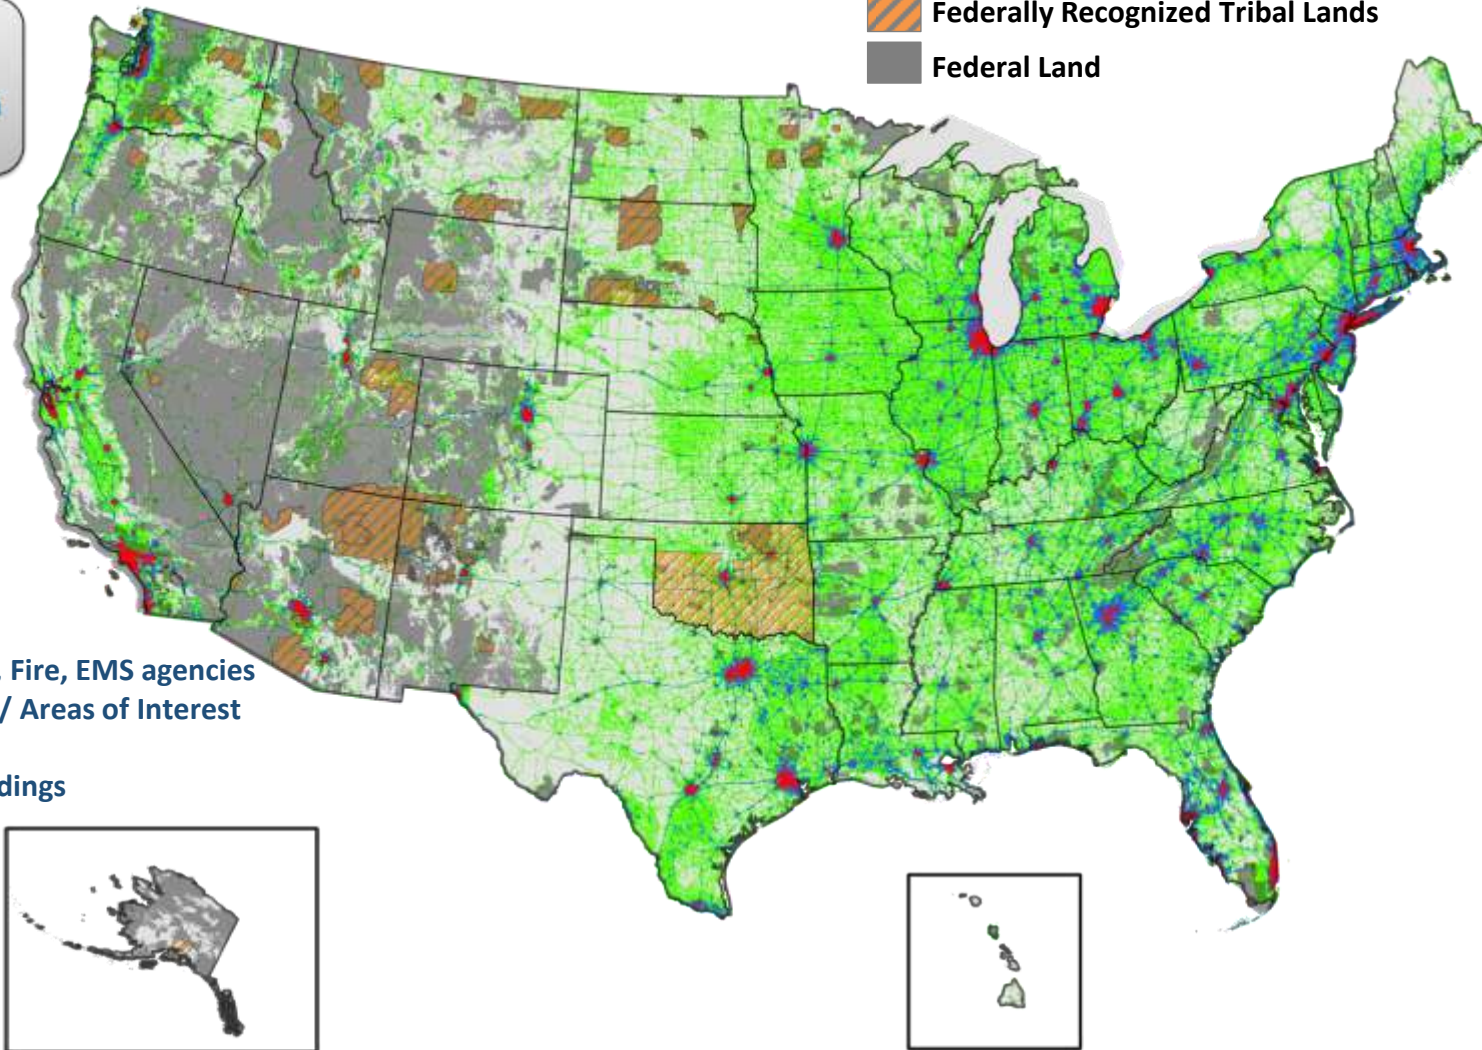

Nationwide Coverage Objective

Legend:

- High Concentration
- Moderate Concentration
- Low Concentration

- Federally Recognized Tribal Lands
- Federal Land

1. Employee count of L.E., Fire, EMS agencies
2. Public Safety High Risk / Areas of Interest
3. US Population
4. Developed Areas / Buildings
5. Roadways

Wisconsin Coverage Baseline

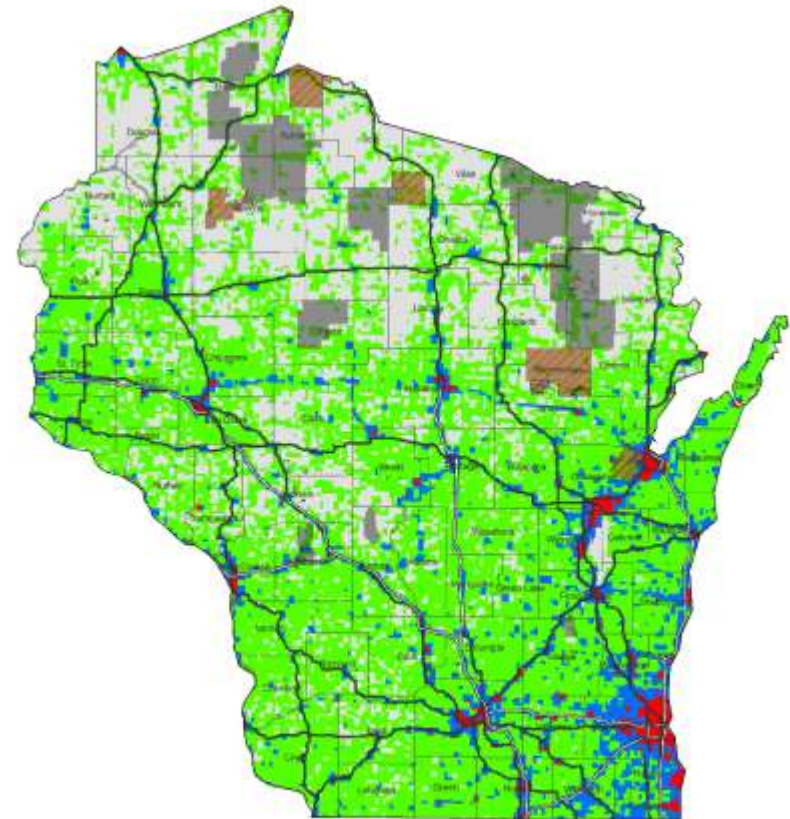

1. Employee count of L.E., Fire, EMS agencies
2. Public Safety High Risk / Areas of Interest
3. US Population
4. Developed Areas / Buildings
5. Roadways

Legend:

- High Concentration
- Moderate Concentration
- Low Concentration

- Federally Recognized Tribal Lands
- Federal Land

- High Concentration
- Moderate Concentration
- Low Concentration

Where are Changes Needed?

Baseline Coverage Objective

State to Modify During Consultation

- ✓ Calls for Service Data
- ☐ End User Local knowledge
- ☐ Tourist/Recreational Areas
- ☐ Evacuation Routes
- ☐ Large Temporary Venues
- ☐ Mass Transit Routes
- ☐ Highly Navigable Waterways
- ☐ Etc.

Modified Coverage Objective

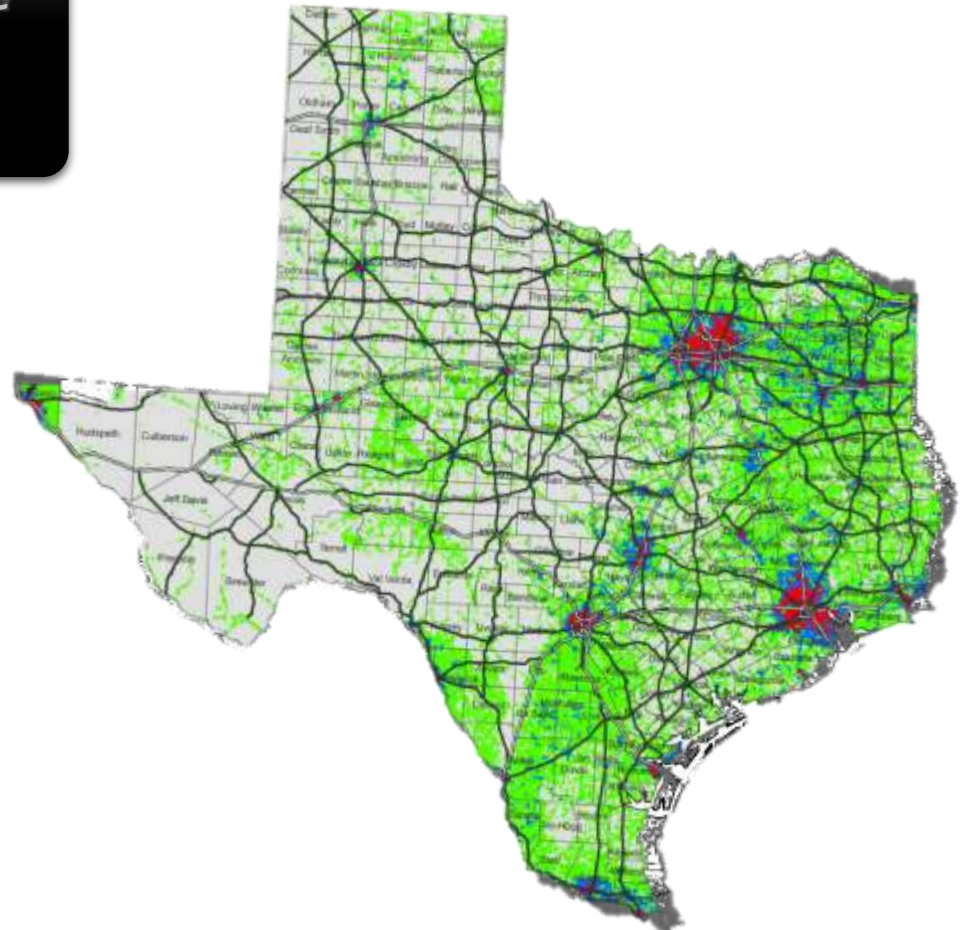

FirstNet's Coverage Objective as a Starting Point

LEGEND

-  FirstNet Coverage Objective Baseline
-  PSAP Call Data
-  Urban Areas / Urban Clusters

**FirstNet Coverage
Objective Baseline
(Single Color)**

Evaluating FirstNet's Coverage Objective

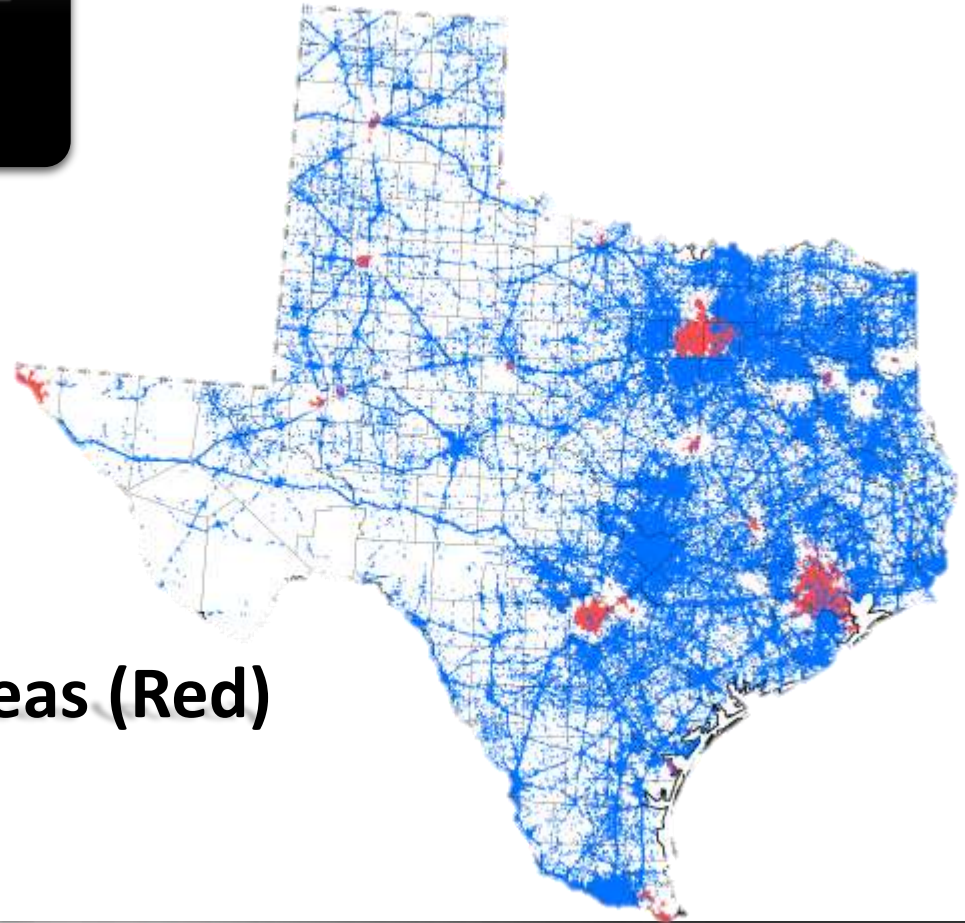

LEGEND

-  FirstNet Coverage Objective Baseline
-  PSAP Call Data
-  Urban Areas / Urban Clusters

PSAP Call Data

- 1 Year of Data
- Excludes some Urban Areas (Red)

Evaluating FirstNet's Coverage Objective

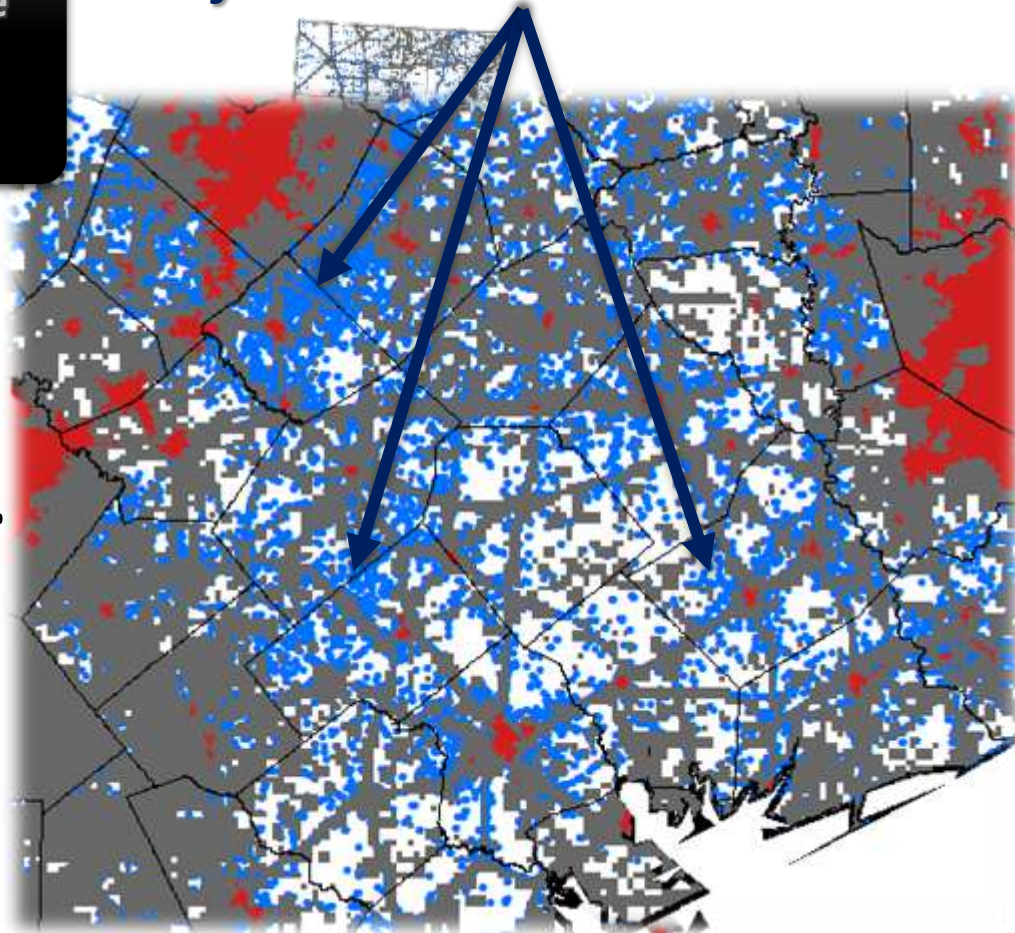

LEGEND

- FirstNet Coverage Objective Baseline
- PSAP Call Data
- Urban Areas / Urban Clusters

Question: Does the Coverage Objective cover all the call data?

**PSAP Call Data (bottom) vs.
Coverage Objective (top)**

(2) Users and Operations

Estimate Total Eligible Users

Totals *(Estimated)*

Discipline	# Agencies	# Users	# Devices
LE	250	15,000	22,500
Fire	300	20,000	20,000
EMS	125	5,000	7,500
Emergency Mgmt	50	2,000	4,000
Transportation	25	3,500	3,500
Other	450	25,000	12,500

Surveyed Agencies

# Agencies	# of Users	# Devices
50	2,000	3,000
75	4,000	4,000
25	1,000	1,500
10	300	600
5	750	750
100	5,000	2,500

* Sample data only

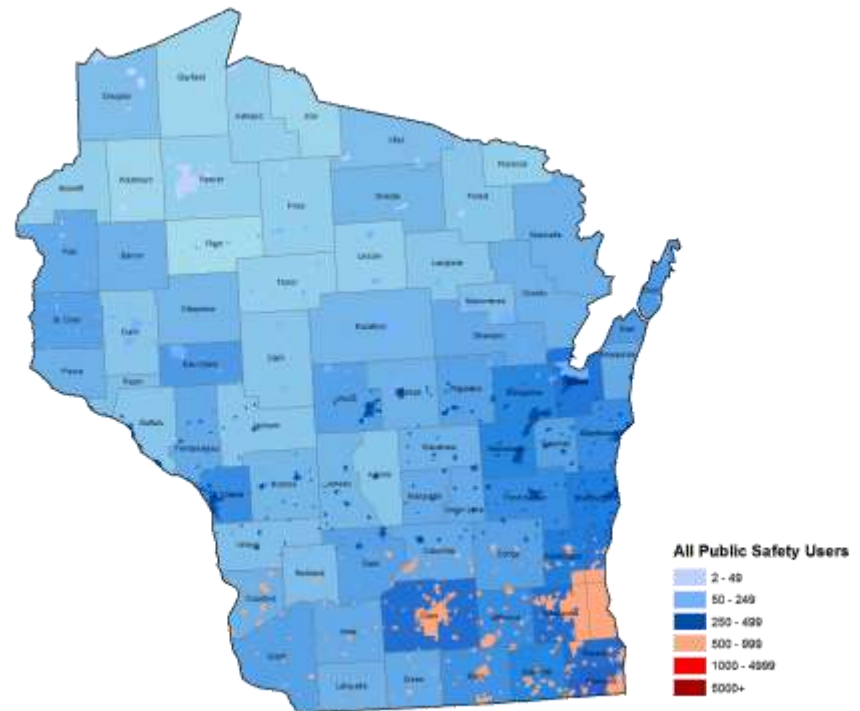

Estimate Operational Areas

User Density by Operational Area

Totals (Estimated)

Discipline	# Agencies	# Users	# Devices
LE	250	15,000	22,500
Fire	300	20,000	20,000
EMS	125	5,000	7,500
Emergency Mgmt	50	2,000	4,000
Transportation	25	3,500	3,500
Other	450	25,000	12,500

* Sample data only

(3) Capacity Planning

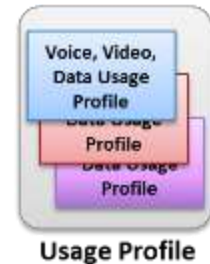

Application Survey

- Current application usage
- Frequency of use
- Desired applications
- Estimate of data consumption

Traffic Profiles *(Case Studies)*

- Quantify usage for specific use cases
- Vary by
 - Incident Types
 - Discipline
 - Area
- Important Metrics
 - Number of responders and devices
 - Type of responders (discipline)
 - Location of responders
 - Variability by incident types and scale
 - Upload vs. Download
 - Data usage by application
 - Time data sent

Law Enforcement User
xxx kbps voice calls
xxx kbps video
xxx kbps other data
xxx kbps total usage

Combining All the Inputs

(1) Coverage Objectives

(2) Users & Operations

Totals (Estimated)

Discipline	# Agencies	# Users	# Devices
LE	250	15,000	22,500
Fire	300	20,000	20,000
EMS	125	5,000	7,500
Emergency Mgmt	50	2,000	4,000
Transportation	25	3,500	3,500
Other	450	25,000	12,500

(3) Capacity Planning

==> Inputs to RAN Design and State Plan
Representative of State's Needs

(4) Current Service / Procurement

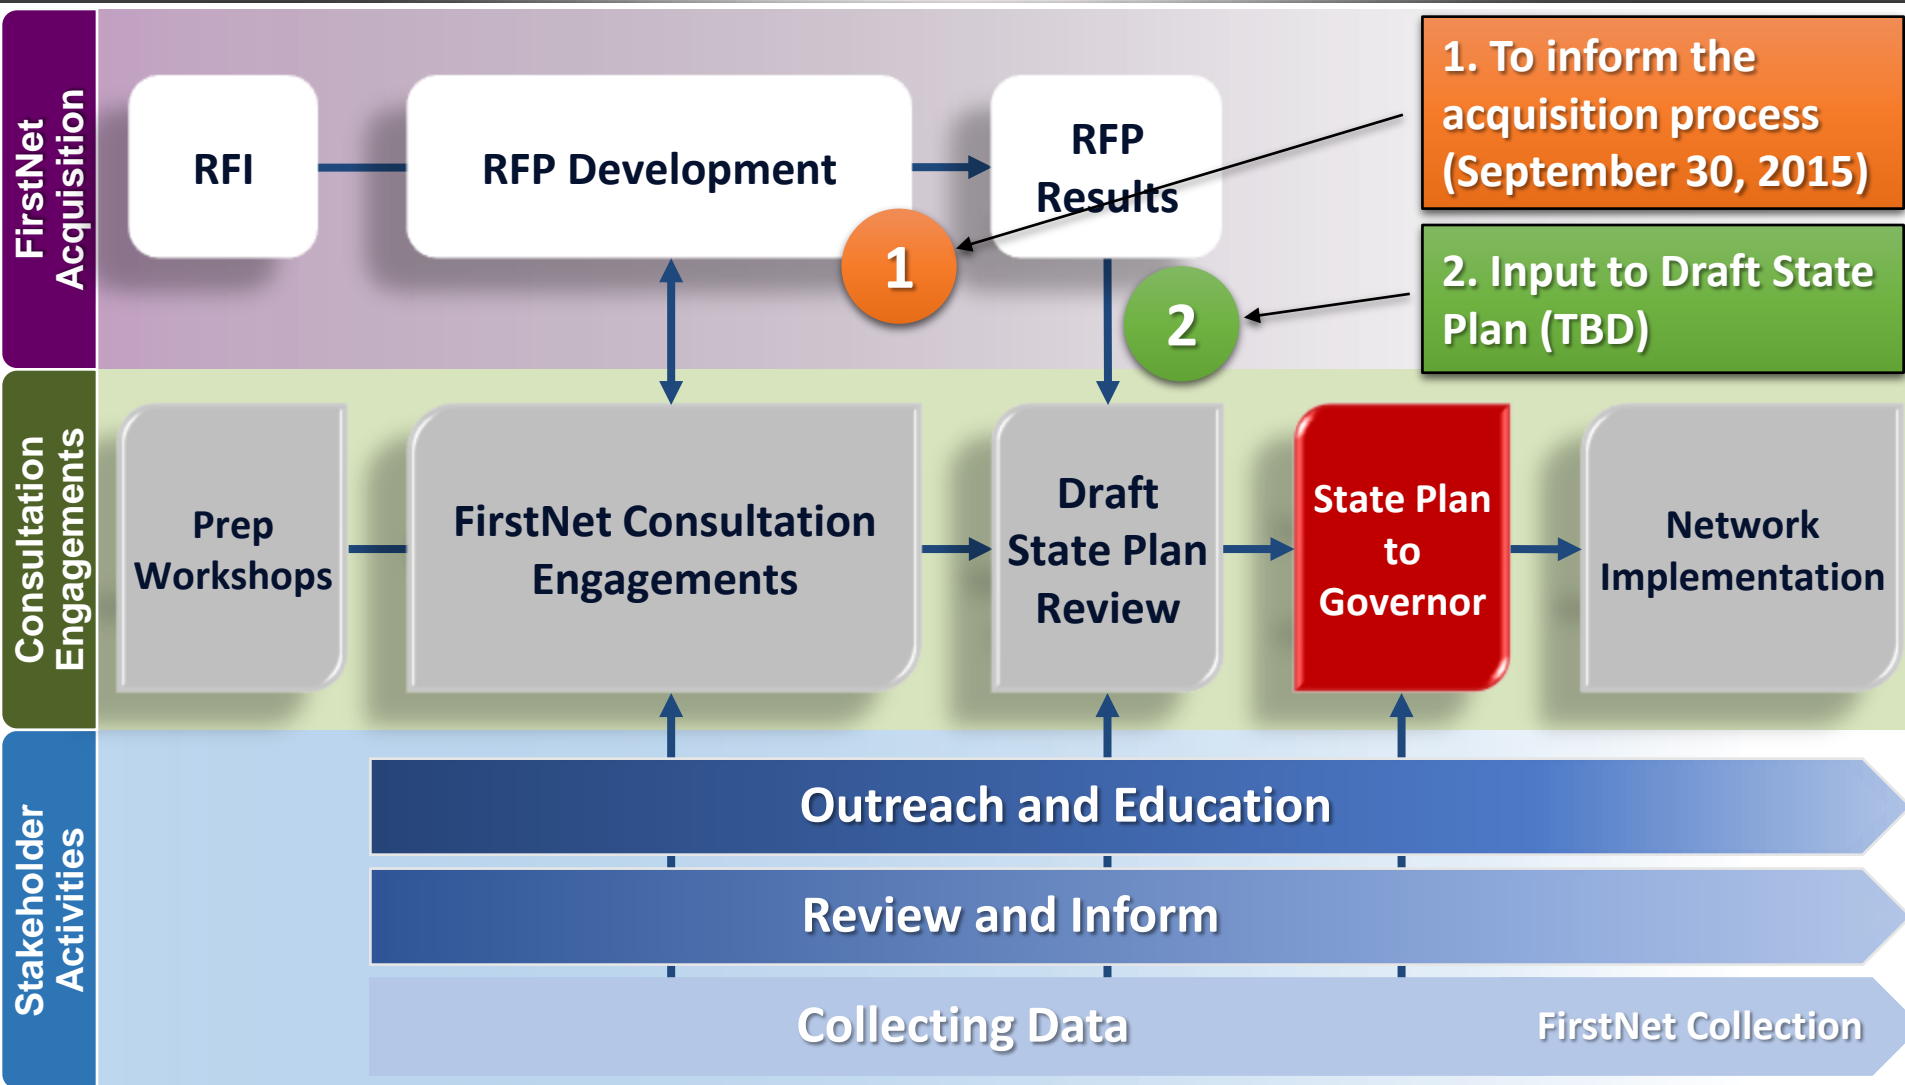

How do Agencies do Business Today?

- Identify major procurement vehicles / options
- Identify different service plan types and costs
- Capture any specialized services
 - Cells on Light Trucks (COLTs)/Cells on Wheels (COWs), network interfaces/customization, etc.
- Identify current barriers

Data Collection Wrap-up

Data Collection Elements Summary

Data Categories		Description	Survey	Other Method
1. Coverage		Identify desired coverage and proposed deployment phases within the State/Territory		
1a.	Coverage Objectives	Identify State/Territory coverage by developing a baseline or providing feedback and changes to the FirstNet baseline		X
1b.	Phased Deployment Approach	Provide recommendations on targeted areas or objectives for each deployment phase (suggest a minimum of 5 phases)		X
2. Users and their Operational Areas		Gather information on the eligible user base and their respective operational areas		
2a.	Public Safety Entity ("PSE") ¹ Info, Personnel Counts	Basic PSE demographics: entity name, discipline, location, POC, total personnel. Please provide the same information for those entities that qualifying PSEs wish to designate as PSEs within the State/Territory (including Tribal lands) under the terms of the Act ² .	X	
2b.	Devices - Counts and Types	Number and type of agency issued voice/data wireless devices used by PSE personnel, estimates of usage growth and use of personally owned devices	X	
2c.	Users and Devices Summary	Estimate the total eligible user base within the State/Territory (including Tribal lands). Use the device/user ratio from surveyed data to estimate the total number of currently deployed devices.		X
2d.	Operational Areas	Provide geographic areas of responsibility as well as common response areas for each PSE (as available)		X
2d-i.	i. User maps based on jurisdiction	Baseline maps of user counts distributed across their respective areas of responsibilities		X
2d-ii	ii. Common response areas (Calls for Service data)	As available, provide calls for service response data from eligible PSEs, analyzing and mapping the results to show common and critical response areas		X
3. Capacity Planning		Estimate current application and data usage		
3a.	Application Usage	Data gathering on basic application usage to identify what PSEs are currently using, frequency of use, and projected growth. This information may also be used to estimate network capacity.	X	
3b.	Data Usage (Traffic Profiles)	Targeting a small subset of PSEs representing the different demographics of the State/Territory, capture data and conduct analyses to quantify how much data is used by different PSEs. This sampling of data could be gathered and analyzed, for example, by different size and scope of incident responses or planned events, by discipline types, by urban vs. rural, comparing uplink vs. downlink, etc. Supplemental information on planned growth, launch of new applications, limitations of current usage, etc. are all important to note while developing representative traffic profiles.		X
4. Current Providers / Procurement		Information on current service provider's plans, procurement vehicles, and barriers to adoption		
4a.	Procurement vehicles / restrictions	Provide how mobile services are procured today, contract duration, and what restrictions may exist with leveraging different procurement options	X	
4a.	Plan types / costs	Identify different plan types, periodicity, and their associated costs	X	
4a.	Any specialized services provided?	Provide additional services supplied (e.g., network/system interfaces, SLAs, unique APNs, separate VLANs, COLTs/COWs)	X	
4b.	Barriers	Identify current barriers that have limited or prevented fully operationalizing mobile data	X	
5. State Plan Decision		Document the process and potential barriers for State Plan decision-making		
5a.	Document State Plan Review Process	Document the State Plan review decision-making process, associated timelines, responsibilities, and windows of availability for delivering a state plan for proper FirstNet planning when scheduling the delivery of the final state plan to the Governor.		X

Meeting Evaluation

We want to hear from you!

- How was the meeting?
- What did you like?
- What can we improve?

Please provide us with your valuable feedback by completing your evaluation.

The FirstNet logo features a stylized shield with four quadrants: a yellow star on a black background, a red flame, a blue and white medical cross, and a blue and white Wi-Fi signal. To the right of the shield, the word "FirstNet" is written in a bold, black, sans-serif font, with a registered trademark symbol (®) to its upper right.

Initial Consultation Evaluation Form**

Please answer the following questions about your experience in this Initial Consultation Meeting according to the scale below:

	1	2	3	4	5
	Strongly Disagree	Somewhat Disagree	Neutral	Somewhat Agree	Strongly Agree
	1	2	3	4	5
1. The Initial Consultation Meeting met my expectations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comments:					
	1	2	3	4	5
2. This initial consultation meeting improved my knowledge of FirstNet and the processes ahead of us.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comments:					
	1	2	3	4	5
3. The initial consultation presentations and materials were clear and easily understood.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comments:					
	1	2	3	4	5
4. I have a better understanding of the roles and responsibilities of FirstNet and my state/territory in the consultation process.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comments:					
	1	2	3	4	5
5. The detailed discussion about users was helpful.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comments:					
	1	2	3	4	5
6. The detailed discussion about coverage was helpful.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
